Seventy-Five Summers

Celebrating Our 75th Summer Season

When you think of Sun Valley, you think of pristine, snowcapped mountains and hot cocoa. Unless you've experienced summer here. Then you also think of challenging golf courses, over-the-top mountain biking, world-class entertainment and a thousand other things that don't involve snow. And your first summer here will inspire another visit. And another, and another.

Welcome to The Tradition.

Trade in a pristine carpet of white for a pristine carpet of green.

Sun Valley Resort was recently recognized by *Golf Digest* as one of the top 75 resort courses in North America, and once you play a round here you'll know why.

Trail Creek Golf Course

Trail Creek, Sun Valley's 18-hole signature course, promises to provide a challenging round of golf for every level of player. Robert Trent Jones, Jr., designed this traditional Alpine course with a full complement of stream carries and ominous bunkers well positioned to catch the errant shot.

18 Holes, 6,968 Yards, Par 72

White Clouds Golf Course

The latest addition to our golf experience is the 9-hole White Clouds Course, featuring highly challenging Alpine links-style holes and awe-inspiring 360-degree views of the Wood River Valley and nearby mountain ranges.

9 Holes, 3,605 Yards, Par 36

18-Hole Sawtooth Putting Course

The 18-hole Sawtooth Putting Course offers 52,000 square feet of fun for the entire family. Whether you play the game or not, the Sawtooth Putting Course, located right off the Sun Valley Club Terrace, is sure to offer a challenge and some great fun.

Complementing your golf game is a magnificent clubhouse featuring a beautiful restaurant and bar, outdoor terrace seating, a pro shop, locker facilities and year-round indoor virtual golf.

Please call the **Sun Valley Club House Pro Shop** at 208.622.2251 for more information and tee times.

The snow may be gone, but there's still plenty of ice.

Of course Sun Valley wouldn't be Sun Valley without a little bit of the cold stuff. Cool off and test your skating skills on the outdoor ice rink, and don't miss our Saturday night ice shows—because nothing brightens up a summer night like the sight of skaters gliding across the ice.

Ice Shows

The Sun Valley Summer Ice Shows under the stars feature Olympic and world-class figure skaters and are a Saturday night must-do for many. You can enjoy the dinner buffet on the outdoor Lodge Terrace or get a close-up view in the bleacher seating. Shows start at dusk, and tickets can be purchased online at seats.sunvalley.com or at the Sun Valley Recreation Center Box Office.

Ice Skating

You never know who you'll see in Sun Valley—Olympic legends, celebrities and regular folks share the ice. There's a full-service pro shop for whatever you need and a full range of private and group lessons.

Sun Valley Summer Skating School

World-class instructors come to Sun Valley to train promising young athletes at this two-month-long summer school. Advance application required.

Since our opening night gala in 1936, the music hasn't stopped.

You'll definitely find plenty of places to commune with nature in Sun Valley, but when you feel the need to socialize and take in a show, you'll find plenty of options for that, too. The Sun Valley Pavilion features a month-long visit by the Sun Valley Summer Symphony, the largest privately funded free-admission symphony in America. A lineup of concerts, from country to pop to opera, fill the Pavilion with music all summer. And you can also take in a movie at the Opera House or listen to jazz late into the night at the Duchin Lounge. Another unique experience here is the 4-day Sun Valley Writers' Conference.

Hotel room packages are available for most of our concerts and events, so check our special deals page at sunvalley.com or call resort reservations at 800.786.8259.

Discover the restorative powers of Idaho water.

Yes, the steelhead do indeed make the 1,000-mile trek from the Pacific, as do the sockeye salmon, to nearby Redfish Lake. And these are just two of the reasons fishermen arrive from even greater distances. Others visit to fly-fish for rainbow in waters that have remained unchanged for a hundred years—at legendary spots like Silver Creek, the Big Wood River and Copper Basin. But whatever adventurers are seeking, they always leave with a renewed appreciation for all that Idaho has to offer.

One man's adventure is another man's leisure.

Whatever level of activity you're seeking—from laid-back to hard-charging—you'll find just the thing. Below are a few of the many diversions here in the valley.

Everyone from beginners to sharpshooters will be challenged with all that the Gun Club has to offer, including Trap, Double Trap, Wobble Trap, Skeet, Duck Tower, 5-Stand and Sporting Clays.
